

Rooflights

Adding value and choice to your roofs

Introduction to Alumen

Alumen are excited to announce their brand new range of aluminium rooflights, with 3 different families - Aether, Helios and Olympus. The rooflights have many individual features, including manual and electric openers, integral lighting and a variety of glazing options.

Alumen specialise in the fabrication and installation of aluminium windows and doors, including bifolding doors, contemporary residential doors, sliding doors and commercial doors. We also fabricate and install shop fronts, windows, conservatories and roofs, including the full range of SMART and Schuco products.

We offer both a supply only or a supply and installation service individually tailored to the needs of residential, trade and commercial customers.

Alumen Aether

Squareline fixed rooflight

- Flat fixed rooflight
- Glass is taped and bonded for security and weather tightness
- Strong frame with built in thermal break
